## WINE STORY:

Location, Location, Premier Cru Classification From the Montagne de Reims, Julien Tixier crafts a magical wonder at his jewel of a micro-house, named after his great-grandfather, Andre Tixier. Pampered and produced with an organic and natural methodology, the entire range is from 100% 1st growth fruit making a discovery such as this the reason why we chase the Champagne dragon! The soil and near-perfect slope of Tixier's holdings make the connection between heaven and earth clear, but it's the wine itself that has our toes curled and thighs slapped. Premier Cru! Don't cheat yourself! You make too many sacrifices with your lifestyle of exercise and healthy eating. Make the reward for these choices something you enjoy twice: Once when you taste and the next day with no regrets. What's Inside: When words fail, lyrics jump to mind. I sipped this one and all I can hear is Robert Palmer & The Power Station, "You're built like a car You got a hubcap Diamond star halo You're dirty sweet And you're my girl Get it on Bang a gong Get it on" RM: récoltant manipulant = Owner-Grower Here's a blanc de blanc made from the first wine of the best quality Chardonnay grapes. A glossy champagne with golden glints; generous and ample with characteristic Chardonnay aromas: toast, hazelnut.
