WINE STORY:

Winemaker Kirby Anderson loves the fruit from this site at 1400' feet above the Pacific Ocean. 100% of the grapes used to produce our 2015 Malibu-Newton Canyon Chardonnay were grown in mountains above Malibu. The location is above the fog line and offers greater sun exposure than our Malibu Coast estate. The large diurnal swing of temperature from day to night preserves the ripe and bracing character of the Chardonnay fruit to create a dynamic wine on the palate!
