WINE STORY:

GENTILINI ROBOLA Made entirely from Robola of Kefalonia, an increasingly rare, ungrafted, noble grape variety. The grapes are sourced from high-altitude, extremely lowyielding vineyards within the PDO zone. Quantities are limited to 30,000 bottles each year. A fresh, vivacious, crisp white wine, which expresses all the mineral and citrus characteristics of this unique variety. Complex, balanced and dry, with an orange blossom nose and long finish, this wine is a perfect partner for seafood and oysters.
