WINE STORY:

Serengeti Marula Fruit Cream Liqueur exotic taste originates from the beautiful, yellow berry-like fruit of the African Marula tree. The Marula flavour is extracted; alcohol added, and blended with fresh cream. Afterwards we add our unique stabilizers and other natural ingredients. This enables us to serve you a perfectly balanced spirit based cream liqueur with a shelf life of 24 months stored at room temperature. Our cream liqueur is best served well chilled or on ice.
